## CAMERON SCHOOLS TO BEGIN TERM HERE SEPTEMBER TWELFTH

### ASSIGNMENT OF TEACHERS IS MADE AND PLANS LAID FOR TRIP TO INSTITUTE.

The 1921-22 term of the Cameron public schools will begin September 12th.

Beginning with the first week in September the tri-county teachers institute will be held in Georgetown and Superintendent L. H. Kidd with his corps of teachers will attend the institute thus concluding the first week of the 1921 term of school.

The new school year begins under most favorable auspices. Aside from the selection of one of the most efficient staff of instructors in the state the new Yoe high school building occupied during the last few weeks of the 1920 term is ready for the new term.

This building, a gift to the city of Cameron by Mrs. C. H. Yoe, is one of the finest high school buildings in the state of Texas.

One of the features of the high school course added this year is the commercial department where subjects as taught in the business college of the state will be given.

The scholastic enrollment in the city of Cameron is approximately 1250.

The Cameron schools are among the greatest assets to which the city owes its general prosperity and substantial growth. Annually scores of people move to the city from the rural districts that their children may have the advantages of our educational system, declared one of the best and most efficient in the state.

Following teachers have been elected and assigned for the coming term:

#### Primary.

Miss Ada Henderson, first primary.  
Miss Edna Sprinkel, first primary.  
Miss Minnie Wolf, second grade.  
Miss Ruth Henderson, second grade.  
Miss Jewell Joslin, third grade.  
Miss Mary Lake Henderson, third grade.

#### Intermediate.

Miss Rosine Ledbetter, fourth grade.  
Miss Bess Hanna, fourth grade.  
Miss Anna Lou Baskin, fifth grade.  
Miss Lucile Dickard, fifth grade.

#### Junior High School.

Mr. R. H. Brewer, principal, arithmetic.  
Miss Olive McGehee, reading.  
Miss Susanna Jackson, geography.  
Miss Pearl Williams, grammar and composition.  
Miss Katherine Flinn, history.

#### High School.

Mr. R. B. Parsons, principal.  
Miss Amelia Williams, history.  
Miss Jennie Mae Bass, English.  
Mr. J. C. Jones, science.  
Miss Motie Cass, domestic economy.  
Miss Mattie Loventhal, mathematics.  
Miss Mildred McLaughlin, history.  
Miss Gussie Mae Howell, English.

## Log Of Texas Roads By Cameron Business Man Drawing Tourists

With complete logs covering the leading roads of Texas the automobile log book published by J. T. Parma of Cameron, business man and auto accessory dealer, is attracting tourists to Cameron in addition to its timely service to travelers in touring the state.

The Parma log book contains 76 pages giving complete data concerning the leading highways of Texas with conveniently arranged terminals so as to give Cameron a most desirable volume of publicity. The book issued in June has been widely distributed and an increase in tourist travel has been the result to Cameron.

The log book has been carefully prepared by Mr. Parma who personally logged the routes in his own touring car. No detail is left off to give traveling service to the tourists. The book is paid for by advertising secured by Mr. Parma, but will not compensate him for the time he spent in compiling its logs. That Mr. Parma

## GAME LAWS

You have the right to hunt in the county of your residence without a license. You cannot hunt in adjoining county as in previous years without a license—\$2.00.

#### Open Seasons.

Doves: Sept. 1 to Dec. 15; bag limit 15 birds per day.  
Mexican White Wing Pigeons: Same as doves.

Quail: Dec. 1 to Jan. 31; bag limit 15 birds per day.

Duck: Oct. 16 to Jan. 31; bag limit 25 birds per day.

Plover and Snipe: Sept. 1 to Dec. 16; bag limit 15 birds per day.

Wild Turkey: Nov. 1 to Dec. 31 in this portion of state; bag limit three gobblers, no hens, per season.

Deer: Nov. 1 to Dec. 31; limit three buck per season. Rattling horns now permissible.

Geese and Brant: Same season as ducks; limit eight per day.

**Shipping Game**—By making a proper affidavit you can now ship your game without accompanying it on the same train.

**Bringing Game in Automobiles**—It is lawful to bring game from one county to another without making a shipping affidavit, provided it is carried in a private conveyance (such as an automobile), but it must not be sent by a common carrier without first making the affidavit as prescribed by law.

Provide yourself with the proper shipping affidavit blanks and any conductor, station agent, etc., can make the same out for you.

### PICKING ADVANCES AT ROCKDALE.

Rockdale, Texas, Aug. 30.—The weather continues intensely hot and dry, with cool damp nights. Clouds have been hovering low for the past three days, but except for a few drops of rain, no relief is in sight. Cotton picking is advancing though not many bales have been ginned this season. Negroes are hieing to the fields in wagons and truck groups, some of them immigrating to other counties where the farms are larger and prices attractive.

### J. J. ANDREWS BUYS W. A. PETTY GROCERY

The W. A. Petty grocery store in Cameron has been purchased by J. J. Andrews, formerly with the J. D. Dobbins store. Mr. Petty has no plans for the immediate future, but will remain in Cameron. Mr. Petty has been engaged in business for more than a year, and his friends here wish him further success in whatever undertaking he may approach.

To be supplied, Spanish.  
Mr. Hastings Meadows, Commercial department.

Miss Isla Reid, latin.

Special.  
Miss Ruth Sprinkel, piano.

Mr. Robert Smith, Piano.

Miss Ann McLendon, expression.

Public school music, to be supplied.

## COTTON CROP IN COUNTY BELIEVED SHORTEST IN YEARS

### PRODUCTION BELIEVED LOWEST IN YEARS AS SEASON FOR GINNING BEGINS.

While no federal census figures are yet available it is generally acknowledged that the cotton crop in Milam county is the shortest in recent years. Some have estimated that the production will not exceed 30,000 bales. More than 80,000 bales was produced in the county last year.

The recent advance in the price of cotton has helped the business outlook so that the barometer of general commercial conditions has shown a decided increase.

Cameron, one of the leading cotton points of Texas maintains a market in proportion to the importance of this point as a center for selling so that the price paid here is attracting cotton that formerly was sold at other Milam county towns.

The completion of the Cameron compress, one of the finest in the state, has been accomplished in time to aid in the marketing of the current crop.

Business conditions have shown a marked improvement and it is believed the volume will be approximately normal.

### CAMERON MOTOR COMPANY MOVED TO NEW QUARTERS

The Cameron Motor Company, Buick dealers in Milam county, is now located in the Brock building formerly occupied by the Auditorium theatre. The old stand was the building adjoining the Felix Matula store. The front of the Brock building has been rearranged so as to afford better sales rooms for the Buick. The company is composed of A. E. Schiller and W. L. Shires.

The company recently announced the receipt of the new Buick Four just completed from the factory at Flint. This car will compare in price with many of the four and six cylinder cars on the market. The Buick has met with ready sale in Cameron and Milam county.

### NEW TELEPHONE DIRECTORY BEING PRINTED BY HERALD

The new fall telephone directory for the Southwestern Bell Telephone company being printed in the commercial department of The Cameron Herald is off the press and ready for the bindery. The book will be delivered ready for distribution by the first part of next week.

The book is practically the same as last year in make up and appearance. New names have been added and corrections made so as to make the directory the source of information and practical use for which it is intended.

### W. J. WALKER ACCEPTS POSITION AS HEAD OF SCHOOLS IN CHILTON

W. J. Walker, former principal of the grammar schools in Cameron for 12 years, has accepted the superintendency of the Chilton public schools. Mr. Walker recently returned from Camden, Alabama, where he was superintendent of the schools for one year.

Mr. and Mrs. Walker and children spent a week or more in the city visiting in the home of M. G. Cox prior to their leaving for Chilton where Mr. Walker will superintend the schools this year.

Misses Dora and Susie Shaw of Cameron are leaving this week for Bay City where they will teach the coming year.

Mrs. J. O. Vaughn of Cameron and daughters Miss Annie Vaughn and Mrs. Bertha Barrett and children have returned from a pleasant trip to Northzuleh and Madisonville and Flynn and other points in east Texas.

Mrs. Boyd Wells and children of Austin, returned to their home after a few weeks visit to Mrs. Wells' parents, Mr. and Mrs. T. S. Henderson.

## FIVE WELLS NOW ON SAND; MINERVA IS DRILLING RAPIDLY

### NEW DEALS WILL BRING LEAD- ING OPERATORS TO MILAM COUNTY FIELDS.

#### B. Y. E. SULLIVAN.

With five drilling wells on the sands and with better prospects in view for the oil fraternity in the Minerva field the goose that laid the golden egg is about to smile on the operator here.

With the speculative stage passed and the drillers getting down to real earnest development the field is about at the top of the hill where it will command the attention of some of the ablest operators in the oil game.

Several big deals were closed the past week which call for several wells within the next 60 days. Oil men coming in from the deeper fields who are shown the wells that are on the pump are being carried away with the showing made by the producers and it does not seem to be any secret with them to acknowledge their surprise.

They all proclaim that we have the starter of the largest shallow field in the country an dare backing up their judgment with U. S. Ducats. It will only be a matter of a few months until the field will have several hundred barrels daily production, a pipe line and a monthly pay pool which will be an asset to Milam county.

Minerva is already responding to the increased activity in the field and several houses for residences are going up. Camps for the drilling crews are building and it looks as though we are going to have a revival of the boom days of the saner kind, just a gradual, quiet drilling campaign.

Two of the ablest operators from the deep fields in north Texas have entered the field and have become associated with Sheerin and Elwell in the developing of the Leonard Isaacs tract and the newly acquired lease of W. Henry which is an offset to the Neihous acreage. They are James McCamey and Waldo Bradstreet. Mr. Bradstreet will be remembered as the man that brought in the discovery well, the Hillborn No. 1 in the Rising Star field and Mr. McCamey is a drilling contractor from the Desdemona field, having drilled in some of the largest producers in that field when it was at its height.

There was no completions recorded this week but next week will no doubt see at least five new producers in the new field. Each well will extend the producing area of the Minerva district and will increase the production up to a point where it will be interesting even to the layman that knows nothing of the possibilities of the oil industry.

The Pete Johnson and J. C. Rumberger number one, Manly north of Minerva, is preparing to drill to the pay. The drillers have finished running 6 1/4 inch casing which they set on the top of the green sand at 585 feet.

Bell and Hines number one, R. L. Batte, 2 1/2 miles south of Cameron have finished getting their tools out of the hole and are preparing to drill to the pay sands this week.

J. Z. Hodge et al number one, Cooper, drilling at 450 feet.

Kempt and Hefly number one, are reported to be ready to start operations next week. All other rigs are working and rushing to completion.

The barbecue given by the Rockdale chamber of commerce to the oil and business men of the community was very well attended and was declared a success by some 400 people who were present at the big fete. All the drilling wells were visited and wells of the Oklahoma Bell Oil company were pumped by Mr. Hohenstein as was also the Texas Plains Syndicate well on the Neihous by Mr. W. B. Ferguson. The wells showed up great and convinced even the most skeptical that a real oil field is in the making at Minerva. After a visit to the town of Minerva where the mayor of Minerva, Mr. Ben McClellan was introduced to the crowd, the long line of autos made their way to the Holtzclaw bridge on the Gabriel river where the barbecue was served. Several short talks were made by the most prominent men in the community.

## Night School in Cameron To Extend Educational Advantages to the People

### LOSS TO COUNTY IS \$18,000 WHEN CUT IN BILL IS MADE

#### REDUCTION OF PER CAPITA APPROPRIATIONMENT OF MONEY HEAVY ON COUNTY

Reduction of the per capita appropriationment of school money by the legislature to \$13 or \$15.50 less than last year will mean a loss of approximately \$18,000 to Milam county, according to Superintendent of Public Instruction Jim F. Chadwick.

The scholastic census of Milam county shows that there is approximately 12,000 school children in the county. In the city of Cameron there is approximately 1250 scholastics. The reduction in the per capita appropriationment of the school money will cause a loss of \$1875 to the city of Cameron.

The reduction in the per capita is made necessary because of the heavy cuts in the educational appropriation bills by the legislature. County Superintendent Chadwick says that the state scholastic census shows an increase of 25,000 over the total for 1920. With this increase the reduction in the appropriation for the school creates something of a distress with respect to the progress of education in Texas as it will no doubt mean the curtailment of terms and general crippling of the schools.

## COTTON CROP IN COUNTY IS SHORT

Milam county's cotton crop is believed to be the shortest in years and some have placed the estimate as low at 25,000 bales as compared with approximately 85,000 for 1920.

Curtailement of acreage is responsible in a large measure for the shortage in the crop, however the ravages of insects and dry weather are contributing factors to the shortage. It is believed that the crop will be harvested by the first of November or sooner.

The corn crop and feed crop is said to be the best in years and with the increase in the price of cotton the condition of the country is much better than expected.

Production has been accomplished economically and it is said that the process of liquidation will be approximately normal with the result that business will be good. Already the affects of the fall harvest is being felt in business circles.

Col. Ike Dooney, Milam's representative in the legislature, criticized Sam Houston the first president of the republic of Texas. Col. Tom Henderson talked on the resources of Milam county and Judge Gillis of Cameron and E. A. Camp of Rockdale made short talks on subjects that fit the occasion. There is talk of a deep test being made in the vicinity of Cameron by one of the larger companies, whose geologists seem to think we have the deep oil prospects as well as having the greatest shallow field in the state.

## Cameron Merchants Offering Better Buying Conditions

### FALL MERCHANDISING PROGRAM BUILT AROUND IDEA OF SERVICE AND NORMAL PRICES.

With the beginning of fall and the marketing of the current crop Cameron merchants realizing the demands have prepared for merchandising program based upon the idea of service combined with attractive pricing of high grade merchandise in full accord with the march back to normal. Cameron as a retail trade center holds rank with the best Texas towns.

### "GO TO SCHOOL WEEK" SLOGAN OF CAMPAIGN NOW BEING WAGED FOR OPENING DAY

A night school for the benefit of men and women who wish to improve their training and who find it impossible to attend the regular sessions of the school, will be inaugurated with the beginning of the 1921 term September 12.

Announcement of the program for the night school was made today by Superintendent L. H. Kidd. The school will feature the newly added commercial department and all subjects taught in the business colleges of the country will be advanced.

Hastings Meadows who holds degrees from the business department of the University of Texas, will teach the night school. He will also teach the commercial department in the day school. The night school course which is an extension of the regular commercial course, will teach banking, bookkeeping, and general business administration.

Acting in co-operation with the various civic societies of Cameron Superintendent Kidd will make next week "go to school week." This campaign will be waged preparatory to the opening of the school on September 12. It will be conducted in the interest of the school to secure as large attendance as possible and to awaken the citizenship to the vast possibilities of our splendid educational system.

Committees have been appointed to visit the homes and to urge the parents to get the children ready for school, to urge those who have given little thought to the school year and to enlist those who have not planned to attend.

The kindergarten is a new department for the school this year under the supervision of Miss Sallie Kate McLane. This with the commercial department, as expressed by Mr. Kidd will enable the school to serve people from the ages of 5 to 40 years.

The system has been so designed this year as to afford advantages in vocational as well as cultural lines.

The commercial department is open to everybody and will be operated at a cost sufficient only to defray the expenses of the school. It will be open to all.

This is the most progressive and widely influential movement undertaken by the school board in many years.

The credit for this is due the board of which Dr. A. S. Epperson is president, Mrs. C. H. Yoe who has made it possible by giving the new high school building, and Superintendent L. H. Kidd, an untiring worker for education in Cameron.

### LOLA CLINTON RECOVERING FROM SEVERE INJURY

Lola Clinton, daughter of J. L. Clinton, is recovering from injuries sustained last week when she stepped on a nail, penetrating deep into the foot. For several days her condition was serious. She was taken to the Cameron hospital for treatment. Her many friends will be glad to learn of her recovery.

Mrs. Paul Marburger left this afternoon for a visit to her sister Mrs. Lula Pinn in Fort Worth.

## THE AMERICAN CREED.

I believe in the United States of America as a government of the people by the people for the people—whose just powers are derived from the consent of the governed—a democracy in a republic—a sovereign nation of many sovereign states—a perfect union one and inseparable—established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.  
I therefore believe it is my duty to my country to love it—to support its constitution—to obey its laws—to respect its flag—and to defend it against all enemies.

The Herald is in receipt of a fair catalogue of 70 pages issued by the Nixon Commercial club advertising the fair and agricultural exhibit to be held there in November. Nixon is a town of some 1500 population and is the former home of the editor of The

Herald. The publication of this book reflects something of the progressive spirit behind this splendid southwest Texas town whose example might be profitably followed by other Texas cities.

## LOCAL AND PERSONAL

Prof. and Mrs. J. E. Watts and children of Taylor, spent last Sunday in Cameron with Mr. and Mrs. J. M. Ralston.

Photos at pre-war prices. F. E. Beach, photographer.

Arthur Adams returned last week from a visit to his uncles family Mr. Arthur Taber of Austin.

Photos at pre-war prices. F. E. Beach, photographer.

Miss Edith and Elmo Chapman of Waco, spent the week end visiting Miss Grace Lindsey.

Mr. and Mrs. Julian Baskin and Mr. Roy Baskin spent Monday in Temple.

Mrs. Tom Robinson of Dallas, is the guest of Mrs. Wm. Henderson.

Photos at pre-war prices. F. E. Beach, photographer.

Mrs. Hugh Moore of Beaumont is the guest of her brother Mr. Tiff Moore and family.

Giles Todd of Marlow, Oklahoma, is in Cameron visiting his parents Mr. and Mrs. Robert Todd.

LOST—Red leather bill folding purse containing notes and \$1.00 bill. Finder please return to Newton McDonald, Citizens National Bank, Cameron.

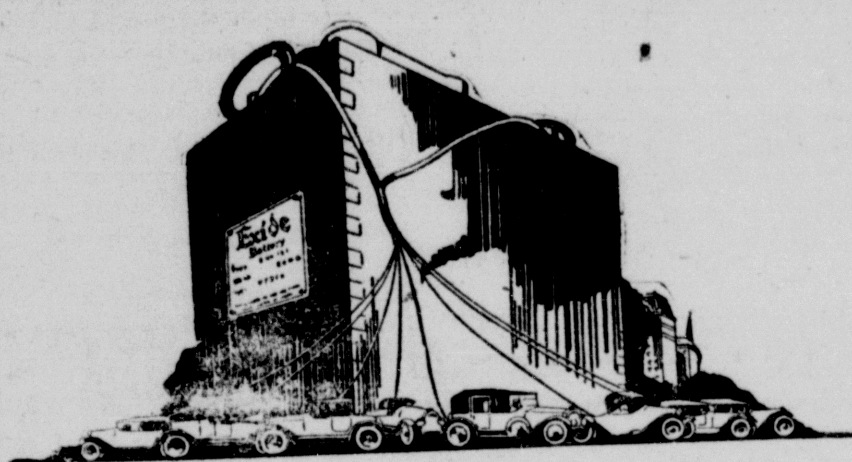

## THIRD MURDER ADDED TO LIST CHARGED TO KEYES, AVEN AND MRS. KEYES.

Waco, Texas, Aug. 27.—Another chapter was written this afternoon in the case against W. T. Aven and his niece, Mrs. Dessie Keyes, when Professor W. T. Gooch, head of the chemistry department at Baylor, reported to Justice of the Peace J. R. Jenkins that an examination of the viscera of Fannie Tibert Aven, 5-months-old infant of W. T. Aven, showed a minimum of five-sixths of a grain of arsenic. This, Professor Gooch said, was sufficient to have caused the death.

Late today, County Attorney Frank B. Tirey filed complaints against Aven and Mrs. Keyes charging them with the death of the infant.

The body of the infant, who died on July 20 last, 15 days after the death of its mother, Mrs. Maud Aven, was exhumed last Thursday.

Aven has admitted poisoning his wife but denied that either he or Mrs. Keyes had killed the child. Aven and Mrs. Keyes are charged with the murder of Mrs. Aven and Leslie Keyes, husband of Mrs. Dessie Keyes.

## What Shall You Do?

Slowing down; Can't keep up the pace? Rush, hurry, worry and turmoil of business getting you?

Well, it's not to be wondered at. The only remarkable thing about it is that you've been able to keep up the nerve-wrecking business pace as long as you have.

Marvelous bit of machinery, that body of yours. Think how you've kept your body going at high pressure all these years. Think how you've worried and worked. And you're still alive!

But now your depleted system is demanding a recharging of nerve force. You can't deny the demand any longer.

What shall you do? Take a vacation? Perhaps. But you may worry about your business all the time you're away. If you do that, a vacation may do you more harm than good.

What shall you do?

It would seem that the best thing to do would be to have your whole system revived—have your body adjusted so that nerve force will again flow without interruption to every body part. This can be accomplished through Chiropractic spinal adjustments.

Chiropractic adjustments will restore your nerves to their normal carrying capacity. Nerve force will again flow freely to every part of your body. Nature will build you up again to your old-time form.

An increasingly large number of leaders in the world's affairs are turning to Chiropractic as the sensible drugless way to retain and renew bodily health and vigor.

## Country Produce In Big Volume Sold at Top Price In Cameron

During recent years the produce of the farm has come to be one of the chief revenues of money to the farmer. In other days it was hard to induce the farmer to raise produce but now that the world is depending so largely on the produce of the farm for its food supply combined with the establishment everywhere of better market facilities, the farmer has been brought into intimate touch the year round with the ready markets of the country.

It is difficult to estimate the great volume of produce annually marketed in Cameron but someone has estimated that the volume will run to more than a half million dollars.

This is ready money and gives the farmer cash the year round and in turn stimulates business when the seasons are waning on the market of agricultural products.

Practically every merchant in Cameron handles farm produce. In addition to this market the city now has other markets available not only to take up the offerings direct from the farmer but to take up the volume bought by the merchants.

With the establishment here last year of the Central Produce company, one of the largest produce concerns in this section of the state with headquarters in Giddings, the local produce market has been stimulated greatly. A great desire has been awakened among the farmers to diversify in their farming methods and to include a goodly program to the marketing of produce.

During seven weeks in the late fall of 1920 the Central Produce Company paid out more than \$50,000 in cash to the farmers for turkeys and chickens. This was the season when the crops had been marketed and the turkeys and chickens grown ready for market on the farms was bringing top prices.

This company is in daily touch with the markets of the country and offer top prices at all times for the produce of the farmer. They buy and ship on a large scale making it possible to handle any volume of produce that

may be offered in Cameron.

This volume of produce has grown to be a big asset to the local business people as well as to farmer. The establishment of the branch of the Central Produce here has done much to encourage the raising of produce on a larger scale.

In addition to this house F. A. Green maintains a produce business and is buying at all times in quantities from the farmer. Mr. Green is in touch with the market at all times and pays top prices. He is contributing his full measure to the encouragement so necessary to the farmer in the matter of producing something saleable at all times and for ready money.

Cameron has the advantage over other towns of the county that she is able to offer the best markets to the farmers thus giving the most substantial encouragement possible to the production of this most important industry of the farm. Nowhere in the county of Milam do the farmers find a produce market equal to the Cameron market and the result has been that they are bringing their produce here from miles in every direction, passing up other centers of trade to get to the market offered in Cameron.

This is one of the many reasons why it is desirable for the farmers to do their trading in Cameron. When they have been paid the top market price for their produce they find the merchants of Cameron offering them the best retail prices in this section. The farmers will profit more this year because they will be given the

advantages of better markets as the new facilities get into their full stride of operation.

The Cameron Herald issues this appeal to the farmers of Milam county: That during 1921 they sell nothing in the way of produce until they have first come in touch with the Cameron markets, that they enter into the production on a larger scale because they are going to have a ready market the year round and can safely bring to Cameron in any quantity at any time of the year their produce.

Lets make it a big year in farm produce. There is real money in its sale in Cameron.

### JUDGE ED F. ENGLISH SEVERELY INJURED IN FALL

Judge Ed F. English, who on last week sustained severe injuries when he fell near his home is recovering rapidly and his friends will be glad to note his improvement. Judge English stepped on a small stone and fell to the ground with the result that two of his ribs were broken.

In the last issue of the Cameron Herald it was said that Judge English would represent the Ben McCullough Camp Confederate Veterans at the state reunion at Temple but this was an error. A delegate has not been selected and a meeting for that purpose is yet to be held. Judge English will not be able to attend the

meeting or state convention at Temple.

The many friends of Judge English with the Cameron Herald wish him a speedy recovery.

### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 25c. Just ask your druggist for HAYES' HEALING HONEY.

## Like Going to A Fair

There's something fascinating about a fair. Things are always moving. Folks come from near and far to see, to hear and to compare.

But nobody would think of going to a fair every day. It would take too much valuable time. Besides, there's a continuous substitute right in your home, though you may not have realized it. For this newspaper conducts a regular fair every week in its advertising columns.

Here the merchants and makers of everything you need or want display before you their most attractive wares. You have only to choose at your ease what you care most about before actually going to see the products so displayed.

There's a world of information and interest in the advertisements. The time and trouble they save you are beyond calculation. Always feel you're shopping when you read the advertisements. You'll find the habit pleasant and profitable.

## GOVERNOR SIGNS OPTOMETRY BILL

ACT AMENDED SEVERAL TIMES  
SINCE ORIGINALLY IN-  
TODUCED.

Austin, Texas, Aug. 27.—Governor Neff this afternoon signed the bill regulating the practice of optometry in Texas. He affixed his signature with two gold pens presented by W. W. Chamberlin, Houston, president of the Texas Optometry association, and W. B. Georgia of Waco, who with J. Thomas Ward of Austin, secretary of the Texas Optometry Association, witnessed the signing.

The bill, which was finally passed during the first called session of the Thirty-Seventh legislature, will go into effect ninety days after adjournment of that session on Nov. 14. It carried the emergency clause but did not receive a roll call vote in the House.

When the new law goes into effect every State in the Union will have enacted legislation of this character, Texas being the last to act.

### Board of Examiners.

The act provides for appointment by the governor of Texas a State Board of Examiners in Optometry, composed of five members, who shall have charge of examining and licensing optometrists in Texas. The board is to defray all expenses of administration from license fees. Every person practicing optometry in Texas must have a license. The penalty for violation of the act is a fine of \$50 to \$500 or imprisonment in the county jail from two to six months or both fine and imprisonment. Optometrists who are not regularly licensed physicians under

the medical practice act are prohibited from treating the eyes "for any defect or in any manner to administer drugs or physical treatment whatsoever." Such practice would be subject to prosecution under the medical practice act.

### Power of Board.

The board may refuse to admit to examination or refuse to issue license to any person who makes an untrue statement to the board or practices fraud in the examination, who has been convicted of a felony or crime involving moral turpitude or has been guilty of any other grossly unprofessional or dishonorable act likely to deceive or defraud the public.

The bill as it finally passed both houses was not the same as the one under consideration at the regular session of this legislature since several amendments were made in the senate when presented at the special session.

### YOUNG FRIENDS, LISTEN.

The training received in college will measure your business success. Therefore it behooves you to think carefully and choose wisely the college in which you are to receive your training. The college that has proven to be a leader in educating men and women for big business for more than twenty years, a college with an international reputation, students from thirty-nine states and seven foreign countries, 40000 enrollments annually, with successful business men at the head of it, is the one for you to attend.

The Tyler Commercial College of Tyler, Texas, America's largest business training university, has made it

self prominent by turning out graduates in its six different extensive courses, which contain over 35 subjects from which to select, who have achieved great success, some as presidents of large banks, wholesale houses, oil companies, etc., at salaries as high as \$50,000 a year.

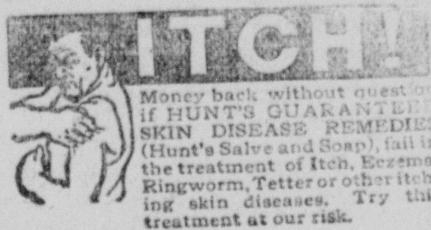

Our own Employment Department secures good positions with successful concerns for all graduates.

With our own copyrighted textbooks, and the most thorough, practical teachers to be had, we give a most efficient training, in the shortest time possible.

Under our contract system with private families, living expenses are exceptionally low. Our great saving in time required for graduation, thru the use of our Copyrighted systems, and our low living costs, will save you one-half the usual cost of equipping yourself for business life, and give you a more thorough training than other business colleges can possibly give with their limited equipment and their obsolete systems. In addition, it will be worth something to you to have a diploma from a school that is widely and favorably known among business men everywhere.

Fill in coupon and mail to Tyler Commercial College, Tyler, Texas, for free catalogue.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

### OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small bottle of old St. Jacobs Oil

### Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 35 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism

## Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, to enjoy an inside bath each morning, to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## Will they dare the deadly parallel?

Sergei Rachmaninoff, Esq.,  
22 East 95th Street,  
New York City.

My dear Mr. Rachmaninoff:

Under a contract between yourself and Thomas A. Edison, Inc., dated the 24th of April, 1919, it is provided, in effect, that the royalties payable to you on various selections, which you have recorded for us, shall continue, only so long as you do not make phonographic recordings of such selections for anyone else.

I shall be very glad to give you permission to record these selections for others, without the loss of royalties under the aforesaid agreement. This will give you the opportunity to record your "Prelude in C Sharp Minor" and other important works, which you have already recorded for us.

Yours very truly,

Thomas A. Edison

READ Mr. Edison's letter to Rachmaninoff, the famous Russian pianist. In reality, it is an invitation to talking-machine manufacturers to record Rachmaninoff in the selections that he has recorded for the New Edison.

We fear that they will not dare this deadly parallel,—but, since Rachmaninoff has recorded other selections for talking-machines, you can draw your own parallels. Simply come here and

## Hear Rachmaninoff on the NEW EDISON

You will hear Rachmaninoff exactly as he plays. Then listen to him as he sounds on a talking-machine.

The New Edison is so different from all talking-machines that Mr. Edison has offered \$3 cash prizes, totaling \$10,000, for phrases that will best distinguish the New Edison from talking-machines. Ask for folder, giving full particulars.

If you do not own a New Edison, fill out and mail, or bring, the coupon and we will loan you an instrument on three days free trial. Having a New Edison will give you ideas for phrases to submit in the contest. Act quickly—contest closes September 2nd

NEW CAMERON DRUG CO.

Trial Coupon

NAME \_\_\_\_\_

ADDRESS \_\_\_\_\_

This coupon when filled out by a responsible person, entitles him (or her) to the loan of a New Edison and a selection of RE-CREATIONS for 3 days. No charge or obligation.

## REDISTRICTING BILL IS PASSED FINALLY

DALLAS COUNTY GIVEN FIVE MEMBERS IN HOUSE IN DAVIS BILL.

MILAM IN NEW REPRESENTATIVE DISTRICT

64 district, Milam.  
65 district, Milam, Burleson and Lee.

Austin, Texas, Aug. 25.—By adoption of a free conference report this morning in the House, the representative redistricting bill was finally passed and sent to the governor. While several shifts of counties among the districts and changes in representative apportionment from the original bill by John E. Davis of Dallas, are made, the total number of representatives is held to 150, the Constitutional limit. There are at present 142.

Under the bill as it goes to the governor, Bexar county is given five representatives. Dallas county also is given five representatives but receives additional representation through being made a "floater district" with Kaufman and Rockwall counties. These changes in the original bill were made by the conference committee. The original bill had provided for six representatives each for Bexar and Dallas counties.

### District Changes.

Other changes made by the conference committee were: Creating a new district numbered 126 to be composed of Delta, Hopkins and Franklin counties, constituting Bowie, Cass and Marion counties the third district, removing Delta from the Forty-Second, making this district composed of Rains and Hunt counties, Rains having been transferred from the Thirty-Fourth, removing Frank-

lin from the Thirty-Fifth, making the Thirty-Fifth composed of Morris and Titus counties, creating a new district numbered 127 and composed of Bastrop county alone, Bastrop being taken out of district Eighty-one, leaving district Eighty-one now made up of Hays and Caldwell counties only.

The bill was sent to a conference committee last night when Wright Patman of Cass objected to a Senate amendment which would have placed Cass and Marion counties in one district with one representative, and Hopkins and Delta counties in another district with two representatives. Patman objected to this arrangement as unfair since the two proposed districts were not so widely different in population as to allow unequal representation. He said the Senate amendment was prompted by a personal dislike of him on the part of a certain Senator.

Final passage of the bill was menaced this morning when the confederation in the House. There was no quorum present and in order to defeat the bill several representatives had planned to demand a roll call. This would have developed the fact officially that no quorum was present and the House not only would have been unable to transact further business but the sine die adjournment resolution could not have been adopted. Three members could have forced a roll call by raising their hands. They did so at first, but finally were prevailed upon by other members to desist.

The Quinine That Does Not Affect The Head  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Ciba) can be taken by anyone without causing nervousness or ringing in the head. F.W. GROVE'S signature on box. 50c

## TICK ERADICATION IN COUNTY COSTS PEOPLE HEAVILY

BY END OF YEAR SUM OF \$38,000 WILL HAVE BEEN SPENT IN THE COUNTY.

The Texas fever tick up to the present time has cost Milam county about \$34,217.27 for its eradication. The fight was installed in March of 1919 and a continual force of inspectors numbering as low as three during some of the winter months, when the work was light, to as many as during 10 during the warmer months has been maintained at the expense of the county since that time, in addition to the cost of materials for vats, the care of same, and dip.

At this time we have 8 inspectors and the records for the month of July show that 2070 herds of 33,781 cattle were dipped, 162 herds of 599 cattle showed infection.

During the year 1921 twenty cases have been prosecuted, two have been tried by jury and found not guilty. One has been found guilty as result of trial, and 17 have plead guilty and paid fines.

In view of the heavy expense the county has had for eradication it is hoped that there will be no more violators of the law and that the work will progress sufficiently that the county can be released by the end of the year.

The total expense incurred for dip,

inspectors, building and maintenance of vats, etc., is as follows:

|          |             |
|----------|-------------|
| For 1919 | \$14,153.15 |
| For 1920 | 12,338.70   |
| For 1921 | 7,725.42    |

Total \$34,217.27  
With four months remaining the total expense will probably reach \$38,000.00.

The work of eradication could have been completed long ago at a much lighter expense if the county officers had been given the hearty co-operation of all cattle owners. By opposing the workings of the law the work of eradication has been seriously delayed, and the expense of administering same greatly increased.—Rockdale Reporter.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

## For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

## Thedford's BLACK- DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only  
the Genuine.

## AVEN INFANT IS VICTIM OF POISON

THIRD MURDER ADDED TO LIST CHARGED TO KEYES, AVEN AND MRS. KEYES.

Waco, Texas, Aug. 27.—Another chapter was written this afternoon in the case against W. T. Aven and his niece, Mrs. Dessie Keyes, when Professor W. T. Gooch, head of the chemistry department at Baylor, reported to Justice of the Peace J. R. Jenkins that an examination of the viscera of Fannie Tibert Aven, 5-months-old infant of W. T. Aven, showed a minimum of five-sixths of a grain of arsenic. This, Professor Gooch said, was sufficient to have caused the death.

Late today, County Attorney Frank B. Tirey filed complaints against Aven and Mrs. Keyes charging them with the death of the infant.

The body of the infant, who died on July 20 last, 15 days after the death of its mother, Mrs. Maud Aven, was exhumed last Thursday.

Aven has admitted poisoning his wife, but denied that either he or Mrs. Keyes had killed the child. Aven and Mrs. Keyes are charged with the murder of Mrs. Aven and Leslie Keyes, husband of Mrs. Dessie Keyes.

I took out my first policy as a youth of nineteen.—President Harding. S. E. Brogden, Life insurance at the Herald office.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill Tonic given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

The bar of public opinion to which all food products are summoned for conviction or acquittal is the dining room table where are gathered the appetite judges who pass upon the fitness of this or that food. We advocate the trial of our pastry and our bread. Their purity and goodness will be established

**LONE STAR BAKERY**

## COTTON CROP IS ASSUREDLY SMALL

THIS SHORTAGE IN PRODUCTION IS REFLECTED IN BETTER PRICES.

Good feed crops and ample pasture and forage mark the end of the summer in most sections of Texas. Cotton crop prospects are no better this week as compared with a week ago, but the price of cotton has shown improvement, probably reflecting the now established fact that the crop is very short, due to reduced acreage and poor condition.

Business men in many representative sections of Texas are in better spirits and look for improved business at once. The increased grain and food crops that came as a result of greater diversification are promising to make for more feeding of hogs and cattle in Texas this season and consequent greater profits from them.

**Labor Is Plentiful.**  
Labor is plentiful to an extent that has not been the case since the years preceding the war and cotton picking will be done as the staple is ready to pick, another thing that has not been done for several years in Texas.

Heavy grain and row crops are reported from most of West Texas.

An extensive building program has been undertaken at a number of points and deferred road construction is reported about to be taken up in several counties that have been waiting for favorable labor and market conditions.

### LIGHT RAIN FALLS IN CAMERON MONDAY AFTERNOON

A light rain accompanied by wind fell in Cameron Monday afternoon. This is the first rainfall in more than two months and was welcomed generally by the citizenship. The weather promises to be cooler now that the rain has fallen and the fall approaches. The rain was not extensive covering only a small area about Cameron.

Late last week good rains are reported to have fallen in other sections of the county. The cotton crop is made and no amount of rain, except in certain localities, can bring about more production. The cotton crop is estimated to be about one third of the total of last year.

## DELEGATES NAMED FOR MEETING OF SALVATION ARMY

T. F. HARDY AND T. S. HENDERSON, JR., NAMED FROM MILAM COUNTY.

Houston, August 31.—Delegates from 20 counties surrounding Houston have accepted invitations to attend the second annual convention of the Salvation Army for the Southeast Texas district which will meet at the Rice hotel on Wednesday, September 7.

Lieutenant Governor Lynch Davidson, president of the district advisory board, will preside at the convention and welcome addresses to the 60 delegates will be made by city and state officials.

A feature of the convention will be the address of Lieutenant-Colonel George Wood, commanding the Southwestern division of the Army, which

comprises the states of Texas and Louisiana. Colonel Wood, who is a prominent member of the Dallas Rotary club will speak on the work the Army is doing to rehabilitate men who are "down" and raising the standards of citizenship by extending the helping hand to unfortunate youths. Colonel Wood has been a member of the Salvation Army for 33 years. He is a member of the Shrine and is considered one of the best platform speakers in the Army.

Mrs. Staff-Captain Louis C. Bennett of Dallas, will speak on "The Hand of Mercy Among Women and Children" in which she will explain the Army's method of preventing girls from dropping into pitfalls, and also of the care and attention given those who fall to the wayside. Thousands of girls have, through the guiding hands of the Army's "mothers" been saved from lives of immorality and returned to respected society.

During the year just passed the Army has handled 346 cases referred to its officers by the advisory boards in the Southwestern division. Through the advisory boards the Army plans to eliminate many of these social disorders a majority of which, statistics

show, originate in the small towns and rural communities.

Delegates who have been appointed from the various boards to attend the convention, and the counties they represent are:

Austin county, Dr. J. A. Neely, Judge C. G. Cruger and H. T. Rosenberg, of Bellville; Burleson county, Hayes Bowers and A. B. Garland of Caldwell; Grimes county, Dr. L. G. Goree and Rev. H. M. Timmons of Navasota; Hardin county, M. C. McDowell, R. Turrentine and E. E. Getaz, of Sour Lake; Houston county, Earl Porter Adams and Dr. W. W. Lontham of Crockett; Jasper county, S. T. Russell of Jasper; Milam county, T. F. Hardy and T. S. Henderson Jr., of Cameron; Montgomery county, J. H. Wharton and J. F. Combs, Conroe, Robertson county, R. C. Allen and Dr. W. H. Cummings of Hearne; Trinity county, F. B. Russell and W. H. Rusing, Groveton; Washington county, W. A. Eversburg and Mrs. Elmer Holtzelaw of Brenham; Fort

Bend county F. M. O. Fenn and C. Minkwitz of Richmond; Nacogdoches, Walter Glantz and Dr. George S. Abraham, Nacogdoches; Brazoria county, F. A. Taylor and Dr. J. F. King, Angleton; Liberty county, A. W. Absher and C. A. Miles, Liberty; Angelina, Rev. S. O. Landis, Rev. C. F. Smith and K. W. Denman, Brazos county, E. E. McAdams and T. K. Lawrence, Bryan.

## 3 MEN INJURED WEN CAR OVERTURNS

Bartlett, Texas, Aug. 27.—Editor K. F. Cates of this city and W. B. Coker and G. A. Krausa, all of this city, experienced a narrow escape at 1 o'clock this morning when the Oakland Six in which they were riding overturned in a ditch. They were coming from Cameron and where the road forks, one road to Rockdale and another to Tracy, Krausa, the driver, started to take the Rockdale road and seeing his mistake turned to take the other and owing to the rain drenched road headed into a ditch. Dan Davis of the Sharp community coming along was convinced with difficulty that they were distressed travelers instead of "hi-jackers" and brought them home. The car was wrecked, the driver, a large man, escaped without a scratch, the others receiving minor injuries. Editor Cates confesses that he was thinking seriously.

## LEGISLATOR FROM FORT BEND IS HURT IN CRASH

Rosebud, Texas, Aug. 27.—Rochester Locke, 27, an oil dealer of this city received probably fatal injuries, and W. I. McFarland, representative in the State House of the Fort Bend district, was burned about the hands and suffered broken ribs when an automobile driven by the latter collided with Locke's oil truck. The oil dealer was mid-way between the two towns en route to Richmond when the accident occurred about 9 o'clock this morning.

Locke was rushed in an ambulance to a Houston hospital. Word received late today said there was no hope for his recovery. His entire body is a mass of burns, the report said.

McFarland was taken to his home in Richmond.

## MILANO TO HAVE BARBECUE AT SPUDDING IN OF WELL

Milano, Texas, Aug. 27.—The Milano Commercial Club at its last meeting decided to celebrate the spudding in of the first oil drilling operation on Sept. 15 and the entertainment

committee was authorized to provide ten beef steers, twenty-five goats and a few hogs to be barbecued for the occasion. A dinner sufficient for 3,000 people is to be provided.

The Mexia-Milano Oil Syndicate of Waco and Kansas City has placed machinery and material on the ground for a ninety-six-foot derrick and will spud in on Sept. 15. The Milano "uplift" has been worked out by a number of geologists as being oil producing structure.

## IT NEVER FAILS TO PUT HER RIGHT

## MUSGOKEE WOMAN RELIEVED OF 15 YEARS TROUBLES BY TAKING TANLAC.

"Tanlac has relieved me of a case of stomach trouble that made my life miserable for fifteen or twenty years," said Mrs. Margaret C. Grider, 906 Elgin Ave., Muskogee, Okla.

"Nothing agreed with me, and the gas which formed on my stomach bloated me up so that I suffered agony for hours. There was a pressure around my heart that almost took my breath away. I was so nervous and restless any unusual noise almost drove me distracted and I scarcely ever got a good night's sleep. I was so weak and run down I could not do anything hardly, but would just move about the house like I was half dead. I used every medicine I ever heard tell of, but nothing did me an ygood and I had almost given up hope of ever getting well.

"But after I got Tanlac I began to mend from the very start. My appetite soon became ravenous and I began to eat things I hadn't dared touch is a long time. I have just finished my sixth bottle and haven't felt better in years. I sleep like a child, wake up refreshed and have strength to do my housework with ease. I always keep Tanlac on hand to take when I get to feeling a little bad, and it never fails to put me on the right road again. Tanlac is just grand."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store.

## SCHOOL PLAYS A BIG PART IN THE LIFE OF CAMERON

Educational advantages rank first among the assets of a community in this modern age of progressive living. No city in Texas has a better school system than Cameron. In fact the Cameron public school has been made a pattern by the state department of education in improving the school system of the state.

With the gift of the new high school building to the city of Cameron by Mrs. C. H. Yoe the facilities have been improved to a point of perfection and now from the crowded conditions of the old school which is used for the primary grades, the city can take care of its educational needs for a generation or more.

All of the modern and progressive methods of schooling are employed in Cameron under the superintendency of L. H. Kidd, one of the best school men in the state, with his efficient faculty. The new school building has

all equipment necessary to give the best application to all subjects taught. In the near future it is planned to install a business course in the school.

During recent months Cameron has attracted a large number of people from all over this section because of the schools, farmers and others coming here to live because of the advantages offered in the schools.

This condition has made the gift of Mrs. Yoe timely as well as valuable. The schools of Cameron are attracting people here. They are among the greatest asset to which the city owes its desirable living conditions and general advantages.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Colds Cause Grip and Influenza  
LAXATIVE BROMO QUININE Tablets remove cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

**Ford**  
THE UNIVERSAL CAR

## About Ford Cars-- Solid Logic

The Ford car has been fundamentally right from the beginning. That fact made it "The Universal Car." It has always lead in lowest first cost as well as in lowest cost to maintain and operate.

Runabout, Touring Car, Coupe, Sedan, Truck and Fordson Tractor—we have them all and will make reasonably prompt delivery.

Simplicity has ever marked the designing and build of Ford cars, trucks and tractors. Henry Ford and his engineers have always striven for simplicity with strength. The success of the Model "T" Ford car and a great part of the Ford Motor Company's has come from an early understanding and appreciation of that principle in motor car construction. The fewer the parts in a car, fewer the parts to go wrong. When that simple truth is carried out in producing a car, as it is in Ford cars, trucks and tractors, the result is bound to be a simplicity of design and building that means simplicity, durability and economy of operation.

This simplicity of construction proves itself in the ease with which Ford cars, trucks and tractors are driven. Four million five hundred Ford cars in daily service proves every claim we make.

More than ever we are sure the Ford car is your necessity—let's have your order today.

# LEGISLATURE ENDS HEATED SESSION

NEFF TO CUT APPROPRIATIONS  
IN EFFORT TO KEEP TAX  
RATE NEAR 22 CENTS.

After one of the most torrid sessions on record, the second called session of the 37th Legislature adjourned at 12:30 Thursday, it having been necessary to turn back the hands of the clock, as the noon hour had been fixed for adjournment. This was done in order to give opportunity for the enrollment of the educational appropriation bill, a task in itself. All of the fight in the second session and most of it in the first session was centered around the educational bill. With its disposition Wednesday, most of the members departed for their homes and only a handful remained here for the finalities. A notable accomplishment of the two called sessions is senatorial and representative redistricting, but the governor is yet to pass on both bills. He can veto either or both.

Governor Neff still has the three major appropriation bills under consideration, for the State department, the asylums and for the educational institutions. It is violating no confidence to say that the Executive is going to use his blue pencil in vigorous fashion. He has told a number of friends that he was going to do some tall trimming in some of the bills. He said this before the educational bill reached him and had especial to the department bill. It is not known to what extent the educational institutions are going to feel the veto axe, but some of them are going to get it. If the appropriations for the Stephen F. Austin Normal at Nacogdoches stand up it is only going to be by a close shave, as the general impression is that they will be vetoed. That includes the \$190,000 for buildings for the first year and maintenance the second year. Many desks in the state department are going to be found among the missing when the governor gets through with the bill.

## Neff Plans Low Tax Rate.

In making wholesale vetoes the governor has one object in mind—that of holding the tax rate as close to the present 22 cents as possible. He may not be able to get it that low, but hopes to reach 25 cents. When the bills finally passed, the legislative financiers declared that only a 30-cent rate would be needed this year and 16 cents next year. In order to bring it to 22 cents this year the governor would have to veto items aggregating \$2,696,375, as the difference in tax rate is 8 cents, which on the taxable values of \$3,370,469,672, makes the aggregate given. It re-

## To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the heating effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

# IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of  
Salts to flush out Kidneys—  
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## EYE EXAMINATION

and glasses prescribed by modern methods. Lense grinding, cutting, drilling, etc., on short notice.

Office, Cameron Herald Building, Thursday, Friday and Saturday only of each week.

# F. R. Dunn

Optometrist and Optician

mainly to be seen how low the governor will reduce the tax rate.

Until the vetoes are completed the State Tax Board will not undertake to fix the state tax rate. It will not know the appropriation liability until that time. The tax rate will be made by the last of next week, for the governor will act on the appropriation bills early next week, he said today. The tax assessors and collectors have been clamoring for the state tax rates in order to proceed with the computation of the taxes for each tract and item listed on their rolls. They will not be much longer delayed. It is necessary for the governor to act quickly on the money bills as all appropriations expire on the last day of this month, which is next Wednesday, and the department and institutions must have funds to start the new fiscal year. Where positions are vetoed and unfortunates will have but two or three days' notice to find new places. It is going to be hard in most instances.

The governor has bills on his desk calling for appropriations aggregating \$13,381,909 for the first year. It is out of these he will make his reductions. The first year amounts under his consideration are as follows: Educational bill \$4,916,247; eleemosynary, \$3,248,220; departmental, \$2,488,791; rural school aid, \$1,500,000; miscellaneous claims bill, \$490,199; pink boll worm, \$62,500; prison supervisory, \$2,500; penitentiary debts, \$175,542; American Legion Hospital, \$126,940; deficiencies, \$21,970; vocational education, \$50,000; retake scholastic census, 4,000; emergency printing, \$7,000.

Since the State Board of Education fixed the per capita apportionment at \$13 the maximum school tax rate of 35 cents is expected to be levied and five cents for pensions.

## Senate Completes Work.

Shortly before noon the committee from the House appeared before the

## Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. See per bottle.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc.

Hall's Family Pills for constipation.

# "What Killed Bill?"

You ought to try this old doctor's prescription—before "Liver Trouble" gets in its deadly work on you—like it did on "Bill." Get it from your drug store.

# "Some Sort of Liver Trouble!"

32

Representative Redistricting Passed. Of the six House bills introduced during the called session of the 37th legislature, which ended Thursday, only one secured final passage. That was the representative redistricting bill by John E. Davis of Dallas. None of the others were advanced further than first reading.

Among those which died on the calendar were two by Representative A. H. King of Throckmorton. One would have amended the act of appropriating \$1,500,000 for the Kerrville hospital for tubercular ex-soldiers as to make only \$750,000 of the amount available each of the next two fiscal years instead of leaving the whole amount available at once. A Senate bill by Senator Baugh of Runnels which would have reduced the appropriation from \$1,500,000 to \$1,250,000 with \$750,000 available the first year and \$500,000 the second year also died on the House calendar.

The other bill by King would have stopped further purchase of land under the University land acquisition act, which appropriated \$1,350,000 for this purpose. King estimated that passage of the bill would have saved the state approximately \$700,000, since only about \$650,000 had been used in the purchase of additional land for the campus.

Other bills which died on the calendar were one by Owen of Navarro

appropriating \$20,000 for the State Health Board to carry on rural health work, one by Bonham of Bee seeking to reduce the salary of the State highway engineer from \$10,000 to \$5,000 a year and another by Pope of Nueces

which would have authorized return of money from the text book fund to the available school fund and restricted the amount to be used for textbooks to \$500,000 a year.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

## INCREASE IN TRADE NOTED IN DISTRICT

Dalls, Aug. 28.—A slight rise in the barometer of general business conditions the past month in the Eleventh Federal Reserve District, is noted in the monthly review of conditions issued by the Federal Reserve Bank of Dallas. The change manifested itself in the form of increased exports of cotton and grain, steadier livestock market, seasonal increase in wholesale trade activity and a greater degree of stability in prices, both of raw and manufactured products.

Excellent crop and range conditions, particularly in West Texas, and the inauguration of the long-expected readjustment of wages of skilled labor also had an effect.

Against the tendencies toward improvement, however, a sharp contraction in the volume of retail trade was reported, also a larger business mortality rate, and a further recession of bank clearings.

### Building Enterprises Increase.

Building enterprises, temporarily halted in some instances by wage readjustments steps, were more numerous and widespread than in July 1920. Unemployment in most cities decreased.

No perceptible relief in credit conditions in the last month was reported. Expense of harvesting new crops made it necessary for the Dallas bank and other members in the district to extend some additional assistance pending marketing of the crops. Demands, on the whole, were considered light.

While weather conditions have been ideal for harvesting, it has been too dry and hot in most sections for the best growth of crops. The Texas cotton crop is spotted, average condition being estimated at 62 per cent of normal.

Texas corn crop is estimated at 174,970,000 bushels, and is believed to be safe from adverse weather conditions.

### Bumper Oklahoma Corn Crop.

Reports from the western section of the district show considerable improvement in crop conditions. In Southern Oklahoma a bumper corn crop has reached maturity, yield being reported at 40 to 60 bushels an acre.

Rice is doing well in Louisiana and Texas.

July cotton exports through Galveston amounted to 291,085 bales, an increase of 82,000 bales over June, and 232,000 bales over July, 1920. Wheat exports through the same port broke all previous July records, totalling 11,012,096 bushels. Eleventh District ranges, with few exceptions and despite heat and lessened rainfall were reported in excellent condition.

**CENTRAL  
PRODUCE  
COMPANY**  
Phone 560

tion.

There was a further falling off in the volume of cattle arriving at Southwestern markets, but at the same time a sharp increase in the receipts of calves and sheep. Continued decline in the market is believed to account for the decreased cattle receipts. Increased shipments of calves was accounted for by good range conditions and also financial need of the raisers.

The Eleventh District oil wells yielded 10,666,346 barrels in July, falling short of the June record more than 700,000 barrels. The Mid-Continent field, comprising Texas, Oklahoma, Kansas, Arkansas and Louisiana, exceeded all previous records with a total production of 25,594,982 barrels, however. A decrease in monthly yield and daily average flow was registered by all Texas fields except the North Texas group.

A recent survey of labor conditions in the larger cities of the Eleventh district, disclosed that in the larger centers the contractors have undertaken to bring about reductions in wage scales. Varying results were reported.

While the wholesale trade has in no sense reached the levels of a year ago, conditions generally showed improvement in July of this year. The retail trade situation was characterized as having been very quiet and inactive in July.

## CULLEN THOMAS LEADS FIELD IN POLL OF HOUSE

Austin, Texas, Aug. 26.—If the old law prevailed whereby the legislature elected United States senators the chances are that Cullen F. Thomas of Dallas would be elected, according to the result of a poll of the house by Representative F. B. Horton of Dallas.

Of the 142 members of the house 45 expressed their intention of supporting Thomas. As the field now stands 27 said they expect to support the Dallas man, but refused to definitely commit themselves. Forty-two declined to express any preference.

Among the other probable and positive candidates the vote stood: Mayfield 8, Parish 8, Hobby 5, Culberson 5, Colquitt 1, Bailey 1.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. Destroys Malarial germs and keeps you by its Strengthening, Invigorating Effect. 75c.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

## Premiums For Stock Show Will Soon Be Ready For Public

COMMERCIAL CLUB WILL PASS ON MATTER FRIDAY—WILL NOT CHANGE MEETING.

Premiums to be offered for exhibits in the annual stock and poultry show will be ready for publication in a short time as the club will pass upon the recommendations of the committee Friday.

At the last regular meeting it was decided that the hour for meeting would not be changed. A proposal had been made that the club meet in the forenoon.

Roll call showed the following present:

Officers: Robert McLane, president, W. W. Chambers, vice president, W. B. Skelton, secretary.

Directors: J. T. Parma, J. W. Coleman, C. R. Phillips, C. W. Lawrence, F. S. Lesovsky, Monta Thomas.

Committee chairman: T. F. Hardy, R. H. McIntosh, Monta Thomas, W. M. Cobb.

Minutes of previous meeting were read and upon motion adopted.

A letter was read from the Express Publishing Co., of Can Antonio, soliciting an add for the city of Cameron in a trade and industrial edition of the San Antonio Evening News. Upon motion from W. W. Chambers, duly seconded the secretary was instructed to advise them that we would not take the ad.

A request for a position as secretary by G. A. Knebel of San Antonio, was turned down upon motion from W. W. Chambers.

Upon motion from F. S. Lesovsky, duly seconded, the secretary was instructed to be on the look out for suitable photographs of Cameron and vicinity to send to the "Outlook," a publication of the Texas State Teachers association.

Upon motion from J. W. Coleman, duly seconded, Dr. Verne A. Scott was elected to membership in the club. Dr. Scott was present and made a short talk, expressing pleasure at being a citizen of the city and a member of the club.

T. F. Hardy, chairman of the finance committee, reported favorable progress in the collection of the deficit in the sale of the Burlington road bonds.

C. W. Lawrence, chairman of a committee to make recommendation as to the advisability of changing the hour of the club meetings from night to day, submitted the following report:

Cameron, Texas, Aug. 23, 1921.

To the Chairman and Members of the Cameron Commercial Club:

We, your special committee appointed to report on the matter of changing the hour of meeting, beg leave to report as follows:

Because of the added expense required to hold our regular meetings in the day time, due to the fact that our present quarters would not be regularly available, as well as for the reason that attendance would not necessarily be improved by such change, we recommend no change in the hour of meeting.

Respectfully submitted,  
C. W. LAWRENCE, Chm.

W. B. SKELTON,  
JOHN E. MANGUM,  
MONTA THOMAS,  
FRANK S. LESOVSKY,  
Committee.

Upon motion from W. W. Chambers, seconded by F. S. Lesovsky the above report was accepted and the committee discharged.

F. S. Lesovsky reported that the Agricultural committee had decided definitely on the city park as a site for the stock show.

R. H. McIntosh, chairman of the Civic improvement committee, reported the matter of the street lighting system, gone into by his committee, but that it was thought best to wait until a more suitable time to try to put over this proposition.

W. M. Cobb, chairman of the Agricultural committee, reported the approximate amount of premiums for the stock show, as decided on by his committee and asked the club's advice regarding the amount to be spent. He was instructed to bring a list of all premiums proposed by his committee, before the club on next meeting night and submit same for the approval of the club.

## SULLY'S BIT O'VERSE.

### A Doubtful Remedy.

The wise ones, with their compound curves, in search of cures for everything, report that for a case of nerves the remedy is just to sing. If we would toot a bugle horn and chant of stanzas five or four, we'd never have an aching corn; and nerves would trouble us no more. But I'm not keen to try such dope; the open season is too near. My friends are handy with a rope, and they might string me up, I fear. If I should start to carecole, before I'd warbled half a verse old Jinks would prod me with a pole, and Hanks would loudly howl and curse, the pigs would batter down their pen, the cow would jump the garden fence, the brindle pup would chew the hen, the old roan pig would wander hence. Oh I am sadder when I sing, and so, in sooth, are all my friends; I make the speckled birds take wing, my voice the startled end rends. If I should sing to soothe my nerves, the cops would come and run me in, we'd lose our canned fruit and preserves, the neighbors would not stand my din. I'd

like to cure my nervous ills, but it's a doubtful remedy. The boys would rally from the hills and chase my flivver up a tree.

## MILAM COUNTY OIL SOLD ON CONTRACT

AGREEMENT MADE TO SUPPLY CRUDE FOR ONE YEAR AT \$1.25 A BARREL.

Groesbeck, Texas, Aug. 27.—Operators in the Rockdale-Minerva field have decided to accept the proposition made them last week by Fritz Fuchs, refinery owner of Thrall, Texas, and his New York associates which will give the present production of the field to the refinery at \$1.25 at the wells for one year, the pipe line company absorbing the line charges.

M. B. Baught of Rogers, Texas, president of the Oklahoma Bell company, who owns the pioneer

Robert Isaacs No. 1, making fifteen to twenty barrels a day, said that an agreement had been accepted by the producers now in the field and they were now waiting for the return of Fuchs and his backers to sign up and begin work on the pipe line into Minerva. The only thing which has been holding back the field has been marketing facilities.

Settled production in the Rock-

dale-Minerva field is now rapidly nearing a hundred barrels a day. The Robert Isaacs No. 1, the Neihaus No. 1 and the Ben McClelland No. 1, the latter just recently brought in and now nearing completion for the pump, alone furnish nearly that amount of oil.

Mrs. Price Hereford is the guest of Mrs. B. P. Matocha.

## Economy the Dominating Note for Fall 1921

You will find our stock the most complete for many seasons. Ladies' Coats, long or medium lengths in the most beautiful styles and fabrics we have yet shown. Coat Suits, Dresses, we have very attractive in style and price. We have a complete line of ready-

to wear for ladies and children. While we yet have the style in Coat or Suit to fit you, we suggest that you make a visit to our store and select the goods you will need for fall. **YOU WILL FIND EVERY ARTICLE VERY ECONOMICALLY PRICED.**

### Dresses

It seems quite incredible that the simplicity of the straight line mode could develop so many and such wholly irresistible variations as are shown in these new tailored Dresses. Often of Crepe, Canton or Moleskin—their appealing softness is indescribable. Again they are of Poriet Twill or some other of the new fabrics, but all smart beyond words.

In Crepe Satin, Roshanara Crepe, Canton Crepe, Chameuse Tricotine, Poriet Twill, Serge, Embroidered, Beaded and fringe trimmed.

**\$8.75 to \$47.50**

### Ladies Suits

A hint of disagreement among authorities adds interest to the Fall Suit mode. Some favor the straight unbroken tubular Silhouette, others are equally insistent upon the more careless, unbelted, slightly flaring type. All are agreed that it must be slender—and youthful. As a consequence you have the advantage of a diversity of charming models to choose from, all sponsored by accepted authorities.

In Broadcloth, Velour, Tricotine, Serge, Carmel, in Black, Brown and Navy, in new long lines beautifully tailored, embroidered and fringe trimmed.

**19.75 to 69.50**

## The New Blouses

Have you a fancy for an embroidered suit? Then by all means, add to it an Embroidered Blouse to complete the picture. Wide sleeves, sometimes caught into a cuff, are a new note. Novelty fringes and embroideries contribute to the glories of the new blouses.

Ladies Blouses in new shades and materials from

**\$3.50 to 12.50**

Suit Dresses of Canton Crepe, Crepe Meteor and Taffeta with their short sleeves claim popularity for indoor wear.

REAL VALUES THIS FALL  
Cameron, Texas

### Ladies Coats

Late arrivals show many handsome dress models in Coats, trimmed with fur for the most part and most ornately lined. Cleverly designed coats for dress occasions as well as for the most practical wear and use that women will welcome for their grace and convenience.

Ladies, Misses and Children's Coats in Boliva, Velour, Duvet De Lane, Kit Coney, in Black and Brown and in the new embroidered models and Big Fur Collars.

**\$14.50 to \$79.50**

## The Picturesque Trend of the New Millinery

Ladies and Misses Hats in Tailored Styles Hats both large and small seem to veer away from the conventional types of other seasons. Shapes and trimming are showing marked tendency toward the picturesque, ably seconded by a riot of color in all manner of garniture.

## Sweaters for Ladies Misses and Children

A new line of Wool Sweaters for Ladies, Misses and Children. The new Wool Sweaters have a lure all their own that is quite irresistible, soft and graceful, they are shown in lovelier colorings than ever.

No other time in five years have materials and workmanship of such unchallenged quality appeared.

By Mrs. W. A. GILLCEN

**GOLDEN WEDDING.**

Last Sunday Mr. and Mrs. F. D. Stuart of Durango, celebrated their fiftieth anniversary. It was a most wonderful and auspicious occasion. These dear old people whose ages are seventy eight and seventy two were more than happy with so many of their children gathered around them. They were: Mr. and Mrs. S. W. Cheeves and children, Mr. and Mrs. C. N. Green and children, Mr. and Mrs. W. J. Wood, all of Cameron, Mrs. Ida Jackson and son, Mr. Frank Stewart of Durango, sister and brother, Mr. and Mrs. T. T. Gordon of Lott, sister-in-law, Mrs. R. D. Moore of Hamlin and a cousin, Mrs. Sue Lyons of Lott, who fifty years ago acted as bridesmaid, and a neighbor, Mrs. Will Anderson.

At high noon Sunday this entire party were seated around a well laden board and many happy reminiscences of the past were recounted and enjoyed. A delicious three course dinner was served, consisting of:

Fried Chicken Creamed Potatoes  
Sweet Potatoes with Marshmellow  
Peach Pickles Hot Rolls  
Coffee Ice Tea  
Chicken Salad Wafers  
Ice Cream White Wedding Cake

Notable on this occasion was that the tea was poured from a silver pitcher, the sugar was served from a China sugar bowl, and jelly from a dessert dish, all of which were bridal presents of fifty years ago.

Miss Mollie Moore painted a beautiful memory book and wrote a beautiful verse of good wishes in gold ink for this venerable couple. All the guests also wrote in the book. A number of presents were received, some of which were a ten dollar gold piece and a set of hand painted plates.

**FORTY-TWO PARTY.**

Last Tuesday night the Beckerman home and lawn was a scene of beauty and joy when Mrs. Beckerman honored her daughter Miss Lillie Kate, Sallie Coleman and Olive Henderson with a forty-two party.

The lawn was lighted with electric lights and seven tables arranged on the porch. The three honor guests decorated the home and made the tally pads, score cards, table markers and 84 favors which were beautiful kewpies. Pink and blue was the color scheme and was used in the table linens.

A number of interesting games were played after which assisted by the honor guests Mrs. Beckerman served a delicious combination course consisting of chicken salad, sandwiches, olives, pickles, crackers, orange ice and marshmellow cake.

Out of town guest swere: Misses Elizabeth Ledbetter of Yoakum, Nelle Harmon of Temple, Josephine and Sue Ida Smith of Tracy and Tom Sampson of Waco.

**PARENT-TEACHERS ASSOCIATION MEETS**

Tuesday afternoon at 4 o'clock there was a call meeting of this association. Mrs. Howard Baskin, vice president presided and stated the object of the meeting.

The proposed kindergarten work started this year for the first time was the main feature of the meeting. There was about 15 present.

Prof. L. H. Kidd addressed the meeting on the plans for this year's work. A committee was appointed to visit the town in the interest of the kindergarten work. The following were appointed: Mrs. B. P. Matocha as chairman and Mesdames Henry Hefley, John Watson, Dan Tyson, George Graves and Giles Avriett.

**BIRTHDAY PARTY.**

Last Monday afternoon little Miss Mary Inez Beach gave a birthday party to about 25 little boys and girls. Delightful games were played on the lawn. Mr. Beach came with his camera and took a picture of the entire party and after they are developed each guest is to be presented with a picture.

Little Miss Inez was the recipient of a number of lovely presents, fans, perfume, toilet water, but loveliest of all was a hand painted vase from Mrs. T. A. Pope. Delicious ice cream and cake was served by Mesdames Beach and Pope.

**BIRTHDAY PARTY.**

A little party of interest to many Cameron people was that of little Miss Mary Virginia Bowls in Dallas. Mary Virginia is the daughter of Mr. and Mrs. Stanley Bowls and granddaughter of Mr. and Mrs. W. M. Ross. Many little friends came in to bring gifts and cut the the birthday cake with three tiny candles on it.

**HOUSE PARTY.**

Three days of last week Miss Josephine Smith of Tracy was hostess to a house party.

Those of the party were: Misses Agnes Henderson, Velda Walker, Francis Hefley, Olive Henderson, Louise Denson, and Jennie Lou Bryan, all of Cameron, Irene Craig, of Mart, Christine Wallace of Yarrington and Mr. Lloyd Sheffield of Mart. Miss Josephine complimented her guests on Thursday night with a 42 party, and on Friday night they drove to Rockdale for a picture show party.

**LAWN PARTY.**

Mr. Wiltz McCowan was gracious host last Monday night to about 25 couples at a party on his lawn. The yard was lighted with electric lights and lanterns. Tables were arranged for 42 and pink rose score cards were used.

Strolls and dancing were other modes of diversion with Albert Howell and Miss Olive Henderson at the piano. Miss Jaunita Caldwell assisted Mrs. McCowan in entertaining and serving. Delicious punch and ice cream with cake was served.

**CHRISTIAN CHURCH.**

There will be services next Sunday at eleven o'clock by the pastor, Rev. T. F. Weaver. Sunday school at 10 o'clock and prayer meeting at 7:45 Wednesday night.

**GAINS-TABOR.**

Mr. Rayburne Gains and Miss Mamie Lee Tabor of Austin, accompanied by Miss Tabor's sister, Miss Arnette and several other friends, motored to Waco last Saturday and were married.

Mr. Gains is a fine young man acting as state fire inspector. Miss Tabor is the daughter of our once townsmen Mr. and Mrs. Arthur Tabor, a young lady of sweet and loving personality and a graduate of Cameron high school. They will start life together domiciled in a new well furnished bungalow, a gift of the grooms father. The Cameron Herald and many other Cameron friends wish for these young people much happiness.

**PRESERVE PARTY.**

Miss Mary Lake Henderson was cordial hostess to a delightful party Wednesday afternoon in honor of her sister Mrs. Boyd Wells of Austin.

Forty-two was the diversion of the afternoon. Five tables were artistically arranged in fruit colors and marked with colored paper cut out in shape and color to represent the fruits peach, fig, plumb, pear and orange.

The tally pads and score cards also were in color and design of the fruits and were fruit jar labels. A number of interesting games were played.

Delicious punch and fruit colored candy was served throughout the games, after which a salad course, consisting of pineapple salad, orange ice, sandwiches, and olives was served. Table favors were jars of delicious preserves and were cut for by the guests and fell to Mesdames C. W. Reed, Roy Baskin, Penn Wolf, Boyd Wells and Miss Minnie Wolf. Out of town guests were: Mesdames Boyd Wells of Austin, W. W. Jackson of Little Rock, Ark.

**COLLEGE INDUSTRIAL ARTS**(State College for Women)  
Denton, Texas.

The College of Industrial Arts offers the following advantages to Texas girls: (1) a pleasant, healthful, and accessible location in the state of Texas, (2) an unimpeachable moral and religious environment, (3) freedom from distracting internal and external influences which tend to lower the morale of the student body and the value of the work of the College, (4) a standard of living that discourages extravagance, and promotes a democratic spirit in keeping with sound economy and with the best American traditions, (5) courses of study that combine sound culture and accomplishment with preparation for practical, useful living; that chiefly keep in view the needs of the present and the future; and that are flexible enough to allow, within safe limits, conformity with the aptitudes and inclinations of the individual student, (6) a faculty of college and university trained specialists—men and women of maturity, scholarship and demonstrated teaching ability, (7) an administrative system that develops initiative, resourcefulness, and self-control on the part of its students and fosters the highest ideals of character and conduct.

It is a College of the first-class and gives literary, technical, and vocational training of the best quality, designed to develop mental discipline, social culture, spiritual vision, and efficiency. It confers the degrees of bachelor of arts, bachelor of science, bachelor of music, bachelor of business administration, and bachelor of literary interpretation; awards vocational diplomas and certificates, and issues teacher's state certificates.

The next session of the College opens Tuesday, September 20, 1921. For further information or for the latest catalogue, address.

F. M. BRALLEY, LL. D.,  
President, College of Industrial Arts,  
Denton, Texas.

**DR. A. B. GUINN RETURNED.**

Dr. A. B. Guinn, chiropractor in Cameron, has returned from a vacation stay with home folks at West Point, Tennessee. He was in Dallas last week also, but is back at his office in Cameron. He says conditions are good in Tennessee with the exception of the cotton crop which he declared is short.

There will be held at the Health Center in the Commercial hotel building, Saturday, Sept. 3 from 9:00 a. m. to 12:00 a. m. a Health Conference for children of ages from 6 months to 7 years. This will be under supervision of local physicians and the public health nurse and will include weighing, measuring, physical examination and advice.

FOR SALE OR TRADE—Brick hotel at Buckholts, one 5-room residence at Buckholts, one 5-room residence at Rogers. Will take good car, team or

cattle in trade on deal. Will give good terms. For full information see H. L. Skinner, Rogers, John Meyer, Buckholts or M. E. Fisher, Thorndale. 9 1 4t

## Lumber World Review Quotes Redfield & Sons On Forest Restoration In An Editorial

The Lumber World Review in the August issue heading its editorial column "Through Our Wide East Windows" quotes a letter from R. H. Redfield & Sons of Cameron regarding the restoration of the forests and the preservation of the timber supply.

The letter to the Lumber World Review was in response to an editorial comment made in a previous issue regarding the timber supply. The letter was written by Frank Redfield.

The editorial from the Lumber World Review is as follows:

"When—exactly in the midst of the only hour that might be devoted to the writing of this so-called 'leader' to these 'Wide East Window' musings, the government of the United States through its department of internal revenue, returns to an editor—with a nervous temperament like ours—\$111.03 because it was 'illegally collected' from him as part of his taxes for 1921, it is good to have a few friends whom you can draft into the job of doing your thinking, while you salaam toward the East, and express your regret for having said a lot of things about Washington and its habits, which you now have cause to regret.

"We are going to depend on R. F. Redfield of Cameron, Texas, Henry E. Hardtner of Urania, La., and Senator James A. Reed of Missouri, to write this editorial.

"Somewhere—in what these gentlemen may have to say, in the few words which we will permit them to utter, in our present exalted condition—there will be found more information of value than we could possibly transmit, on this eventful August morning.

"R. F. Redfield of Cameron, Texas, sits in the 'Wide East Windows' in spirit, and sometimes when he likes something that he hears here, and sees here, he applauds and passes comment, and sometimes when he does not like what he sees, and what he hears, he does not applaud but he

does not fail to pass comment. His comments are always wise. We want to use Mr. Redfield's thought this August morning as a panacea to assuage the grief of a close friend who—before the ink was hardly dry on our August 10 issue—came to this eyrie and made vigorous protest, and said that we had, by giving space to the editorial utterance entitled 'The Twelve Pillars of Our Forestry Faith'—done the whole question an irreparable injury.

"At that time there was nothing we might say in rebuttal, and now we will allow our Texas friend to say it. On August 15 R. F. Redfield of R. H. Redfield & Sons, of Cameron, Texas, turned to his stenographer and dictated a letter to us which we quote in full.

"I have been peeping into your 'Wide East Window' for quite a while. I want to tell you that I have never seen therein anything that would shock the modesty or the morals of the bluest Puritan that ever observed the Sabbath.

"The 'Twelve Pillars' which you erected in the August 10 issue seem to me to be a perfect foundation, on which to rear a 'Temple' as perfect as that of Solomon's.

"For Jachin and Boaz let me urge the selection of your fifth and eleventh pillars. I know that millions of feet of the finest hardwood has been cut, piled and burned in clearing the land for the 'science of agriculture.' No lumberman would ever be guilty of this destruction, no more than a banker would collect his money in a pile and burn it to see how much smoke it would make.

"As to Boaz, comment is superfluous. It has been adorned by the cunning hand of the master-workman. 'Let me thank you for this 'free thinking' as you call it. It is a great exposition of the lumberman's faith. However, let us remember what St. Paul said, that 'faith without works' must not be considered as a finish to any task."

### NOTICE.

The trustees of Yarrington School District No. 55 of Milam county, Texas, will receive bids at 2 o'clock Saturday afternoon, Sept. 3rd, 1921, for the erection and completion of a three-room frame school building on the Yarrington school site at Yarrington. The school house bonds voted for this purpose have not been sold yet and the payment for the work and material can not be made until the said bonds are sold and money received but the trustees agree and will contract to pay 10 per cent interest on all deferred payments due upon the said contract for building said school house when the money from the sale of said bonds has been received. The plans and specifications for the said school house can be seen at the county superintendent's office. A certified check of 5 per cent of the bid must accompany each bid to be entitled to consideration. The trustees reserve the usual right to accept any or reject all bids.

GEO. LOCK,  
S. H. DOBBS,  
N. E. COLBURN,  
Trustees.

(Continued from Page One)

Herald that the Commercial club will find an opportunity for a great public service if it will co-operate with Mr. Parma in the establishment of this park. The task which Mr. Parma has

undertaken can scarcely be estimated in point of service to Cameron and should be rewarded with full cooperation.

Aside from the personal achievement in the publication of this book the whole matter is essentially of vital interest to Cameron and Milam county. It is a big thing and should be substantially supported.

The approximate magnitude of the log may be substantially gained by the index showing the routes covered in the book. The index is published as follows:

AND FAMILY.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
